GeniusKite

Thinking skills for kids in the age of AI

Thinking Puzzles

Pre-K · Ages 3–5

Big, simple picture puzzles for little hands: match, trace, count, find the pattern and spot what's different. Almost no reading needed!

Matching · Mazes · Counting · Patterns

Hi, I'm Pip! Let's look, think and play!

With answer key · Screen-free play · By the GeniusKite Team

MATCHING · LEVEL 1

Find the Same

Name: _____

READ ALOUD Draw a line to match the same pictures.

Grown-up tip: Name each picture together first. Then let your child color each matching pair the same color.

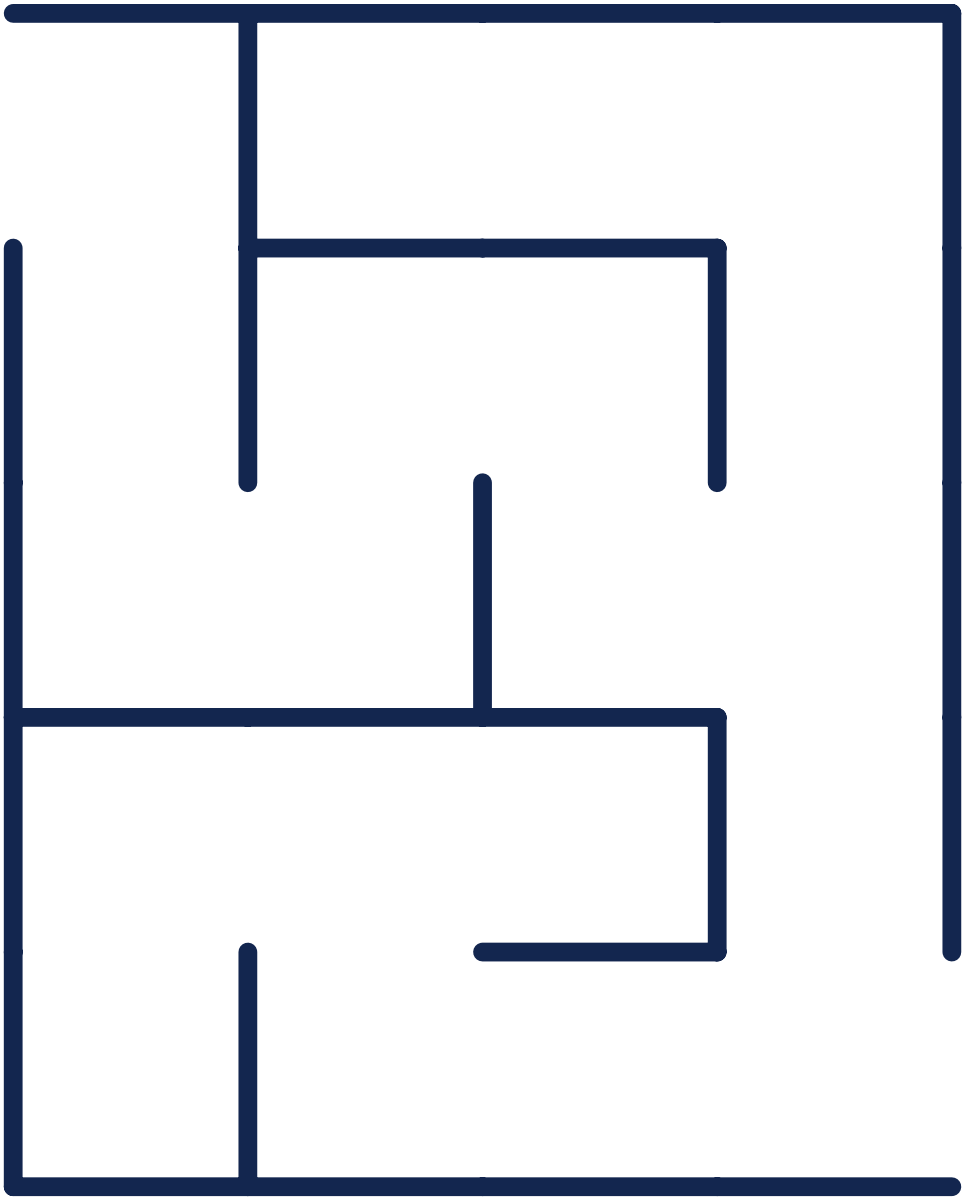
MAZE · LEVEL 1

Help the Kite Find Pip

Name: _____

READ ALOUD Help the kite find its way to Pip. Trace the path.

START



PIP

Grown-up tip: Trace it with a finger first, then a crayon. If your child hits a wall, say “Let's go back and try another way.”
